PROFILE

Bilingual professional (Persian native, English fluent) with a Computer Science background and 3+ years of direct client-facing experience in a technical, production-software environment. Skilled at communicating clearly with clients, staying calm under pressure, and adapting quickly to new tools, CRMs, and workflows. Comfortable working with data and dashboards to spot patterns and support decisions. Seeking a customer support or client retention role in Yerevan.

KEY STRENGTHS

- **Languages:** Native Persian and fluent, professional English – comfortable handling client conversations in both.
- **Client Communication:** Direct experience gathering requirements, giving status updates, and resolving issues with clients across many concurrent accounts.
- **Technical Troubleshooting:** Strong analytical grounding for diagnosing issues and explaining them in plain language to non-technical users.
- **Data Comfort:** Experience building and reading live dashboards (SQL-backed), a natural fit for CRM reports and performance tracking.
- **Adaptability & Reliability:** Fast learner, dependable, and used to high-demand, deadline-driven team environments.
